I am a passionate and detail-oriented Front-End Web Developer with a strong foundation in modern web technologies. Currently pursuing a BCA degree at Calicut University, I am dedicated to mastering front-end development and expanding my skills in full-stack technologies. My goal is to craft high-performance, user-friendly, and visually appealing web applications that enhance user experiences.

## PROJECTS & EXPERIENCE

### To-Do List Application

Developed a task management app with local storage, drag-and-drop, and priority-based sorting. Implemented CRUD functionality for tasks, improving usability.

### Food Website

Designed a fully responsive and visually engaging food-related website. Integrated dynamic content loading and optimized for fast performance.

### Portfolio Website

Built a personal portfolio site showcasing skills, projects, and contact details. Optimized for SEO and improved user experience with animations.
