EDUCATION

Bachelor of Computer Application

[Expected Graduation : May 2026]

University of Calicut | 2023 – Present

- Currently in 2nd year, gaining expertise in web development, programming, and database management
- Developing strong problem-solving and analytical skills through coursework in C, C++, Python, and software development.

Higher Secondary | Computer Science

2021 - 2023

PALORA HSS ULLIYERI

- Studied fundamentals of programming, data structures, and computer applications.
- Built a strong foundation in logic, problem-solving, and computational thinking

PROJECTS & EXPERIENCE

Client Website for Branding & Advertising Services (Freelance Project)

March 2025

- Developed a custom website for a client offering branding, social media management, advertising video production, logo design, and web design services.
- Designed a modern, responsive UI and integrated SEO, multimedia content, and social media links to enhance visibility.
- Project is temporarily on hold due to client's budget constraints, pending domain and hosting setup

Food Website

2024

- Designed and developed a fully responsive, visually engaging food-related website focused on user engagement and fast performance.
- Integrated dynamic content loading for a smooth browsing experience.

To-Do List Application

2024

- Built a feature-rich task management app with local storage, drag-and-drop functionality, and priority-based sorting for enhanced usability
- Implemented CRUD operations for seamless task creation, editing, and deletion.

CERTIFICATIONS AND AWARDS

Front-End Web Development Certification
GREAT LEARNING (2024)-[View Certificate](#)
